### Get Ready Now!

The *Florida Education Directory* is the best single resource for contacting district and school administrators and the Department of Education personnel. The Directory includes:

- School Principals and District Staff-Names, Addresses, and Phone Numbers
- Non-Public Elementary and Secondary Schools
- Superintendents and School Board Members
- Florida Department of Education - Names, Positions, and Phone Numbers
- Public and Private Colleges
- Juvenile Justice Educational Sites and much, much more

The Directory goes to over 5,000 subscribers throughout the state and is available in hard copy or CD. It is an excellent way to advertise and promote your company!

We invite you to place an advertisement in the 2009-2010 Directory. We have very limited advertising space. These spaces include the front inside cover and the back outside cover. Ads are sold on a first-come, first serve basis.
