Discussion of the state of curriculum development for Florida public schools including implementation of the Next Generation Sunshine State Standards, Senate Bill 4, Common Core State Standards and College and Career Readiness.

Todd Clark, Chief, Bureau of K-12 Curriculum and Instruction

FASA and STEM Participants

- | | | |
|---------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------|
| 10:15 – 10:30 | Beverage Break | Events Center Exhibit Hall |
| 10:30 – 1:00 | <i>Florida Support Administrators Association Focus Group</i> | Events Center B |
| 10:30 - 11:30 | <i>Retirement Issues and Strategies: The Future of the Florida Retirement System</i> Chris Brown, VALIC | Events Center CD |
| 11:20 – 12:15 | Sessions E-1 <i>How to Work Less, Produce More and Still Get the Job Done in a Sensible School Week</i> Jill Pancoast, Vice President, <i>The Breakthrough Coach</i> | Events Center CD |
| 11:20 – 12:15 | Sessions E-2 <i>Liveyearbook.com</i> | Events Center A |
| 11:20 – 12:15 | Sponsor Sessions E-3 <i>FASA’s Online Professional Development</i> Tom Unwin, FASA’s Director of Online Professional Development | Events Center B |
| 11:30 – 1:00 | Lunch Complimentary Box Lunch | Events Center Exhibit Hall |
| 1:15 – 1:45 | Complimentary Dessert | Events Center Exhibit Hall |
| 2:00 – 4:45 | Florida Department of Education Lesson Study Workshops | |
| 2:00 – 3:15 | <i>Unpacking Fewer Standards to Reach Greater Depth in the Primary Classroom</i> <i>Participants will experience the unpacking of standards related to Place Value in the primary classroom. Experience the importance of teaching to greater depth using hands-on tools and view video classroom clips to see it all come together.</i> Gary Elkins, Laura Manning, and Kelly Mahaffey, Volusia County Public Schools | Event Center A |

- 2:00 – 3:15 ***What Are The Changes in Middle School Math Instruction and Why Are They Needed?*** Event Center B
 Participants will learn how to incorporate multiple strategies to teach middle school math concepts to greater depth and understanding (including use of manipulatives and technology).
 John Miller and Michelle DiGioia, Polk County Public Schools
 Margaret Bambrick and Gail Burton, Volusia County Public Schools
- 2:00 – 3:15 ***The Depths of Algebra 1: Teaching for Conceptual Understanding*** Event Center CD
Participants will be provided with a glimpse of the power associated with the Next Generation Sunshine State Standards (NGSSS) for Algebra 1. Exploring different strategies used to facilitate learning in a mathematics classroom, participants will be able to construct their own vision for implementing the NGSSS in Algebra 1.
 Margaret Walker, Orange County Public Schools
 Lisa Greco, Osceola County Public Schools
- 3:15 – 3:30 Beverage Break Events Center Exhibit Hall
- 3:30 – 4:45 ***Functions and Algebraic Thinking in the Elementary Classroom*** Event Center A
Participants will experience a hands-on high depth of knowledge intermediate algebraic thinking lesson. Participants will view a Florida teacher implementing the lesson with fifth grade students and discuss student thinking and how it is used to determine the direction of the lesson.
 Christi Moss, Florida Center for Research on Science, Technology, Engineering, Science and Math (FCR-STEM), Florida State University and former FASA President
- 3:30 – 4:45 ***What Are The Changes in Middle School Math Instruction and Why Are They Needed?*** Repeat Event Center B
Participants will learn how to incorporate multiple strategies to teach middle school math concepts to greater depth and understanding (including use of manipulatives and technology).
 John Miller and Michelle DiGioia, Polk County Public Schools
 Margaret Bambrick and Gail Burton, Volusia County Public Schools

3:30 – 4:45

Teaching Geometry for Conceptual Understanding: Meeting the Challenges of the NGSSS and Geometry for All

Event Center CD

Participants will experience multiple levels of van Hiele's phases of geometric thinking and learning using low-tech to high-tech teaching strategies to meet the demands of the new Geometry requirements.

Melanie Howard-Miller, Seminole County Public Schools

Margaret Bambrick and Gail Burton, Volusia County Public Schools

WEDNESDAY, JULY 29

8:00-8:30 Continental Breakfast

Captain/Yeoman

8:30-10:00 **Closing General Session**

Captain/Yeoman

Jim Warford

10:00 **Conference Adjourns**
