

While Ruth may be retired from the Hillsborough County School District as supervisor of Special Projects and Programs, she is still very active in the education community. During her tenure as FASA President, Ruth re-energized the importance of FASA membership and was personally responsible for recruiting many members. In addition to being a top FASA member recruiter, Ruth serves on the FASA board and is president of the Florida Association of Instructional Supervisors and Administrators. She also participates as a trainer for various FASA grant programs.

“Good news travels fast! I always take the time to enthusiastically share FASA's good news with everyone I meet.”
